

LEED® DESIGN & CONSTRUCTION

THE LEADERSHIP IN ENERGY AND ENVIRONMENTAL DESIGN
GREEN BUILDING RATING SYSTEM™

OUR EXPERTISE

Haskell's 103 LEED® Accredited Professionals integrate with our experienced team of design and construction personnel to strategize, design, construct, document, and obtain LEED® certification.

Haskell's involvement in green engineering dates back to 2000, with the company first becoming a member of United States Green Building Council (USGBC) in January, 2001.

Haskell's LEED® experience Includes:

- Site Evaluation & Selection
- Program Management
- Architecture
- Engineering
- Construction
- Landscape Architecture
- Interior Design
- Mechanical/Electrical
- Process design
- Manufacturing Integration
- Equipment Specification
- Equipment installation
- Project Management
- Commissioning
- Energy/Facility Audits

Haskell's LEED® v2.0-v2.2 CERTIFIED PROJECTS:

Note: Projects listed have been released to the public via the USGBC website.

LEED® Certified:

- Ice Mountain Water Bottling Plant (NC) - Mecosta, MI
- Oak Ridge National Laboratory East Campus (NC) – Oak Ridge, TN
- Tropicana/Naked Juice Bottling Facility (NC) – City of Industry, CA

LEED® Silver:

- Arrowhead Water Bottling Plant (NC) – Cabazon, CA
- Deer Park Water Bottling Plant (NC) – Madison, FL
- Frito-Lay Snack Manufacturing Plant (NC) – Perry, GA
- Nike - U.S. Footwear Distribution Center (NC) - Memphis, TN
- NAVFAC Southeast Engineering Operations Center (NC) – Jacksonville, FL
- Ozarka Water Bottling Plant (NC) – Hawkins, TX
- PepsiCo Headquarters (EB) – Chicago, IL
- University of North Florida (NC) –Student Housing – Jacksonville, FL

LEED® Gold:

- Frito-Lay Jim Rich Service Center (NC) – Rochester, NY
- QTG Blue Ridge Bottling Plant (NC) – Wytheville, VA
- QTG Distribution Center (NC) – Tolleson, AZ
- QTG Bottling Plant (NC)– Pryor, OK
- NWNA Pure Life Water Bottling Plant (NC), Breinigsville, PA
- Frito-Lay Plant Expansion (EB) – Casa Grande, AZ

LEED® Platinum:

- Pepsico Chicago Sustainability Center (CI) – Chicago, IL

LEED® Certification is an integrated process that typically begins at project conception and moves through a detailed process to achieve LEED® Certification. Haskell currently has multiple LEED® Certified projects underway, however some of our clients have not proceeded with formal filing for certification. For example:

- US Navy Ship Berth/Sea Wall – Ft. Lauderdale, FL
- US Navy Chilled Water Plant – Annapolis, MD
- US Navy Littoral Warfare Research Complex – Panama City, FL
- US Navy Kings Bay Paint Sandblast Facility – Kings Bay GA
- US Navy MCRC & Vehicle Maintenance Facility – Jacksonville, FL
- Port of Miami Bulkhead Realignment Ship Berth 19 – Miami, FL

Ranked # 1 Green Industrial & Manufacturing Design Firm by Engineering News-Record (ENR) for 2008 and 2009.

Ranked # 1 Green Industrial & Manufacturing Contractor by Engineering News-Record (ENR) for 2008 and 2009.
